Hat Sizing:

Newborn (12 ¼" around - fits up to 14" circumference)
3 to 6 Months (14" around - fits up to 15" or 16" circumference)
6 to 12 Months (16" around - fits up to 18" circumference)
12 to 24 Months (17" around - fits up to 19" circumference)
Child (18" around - fits up to 20" circumference)
Adult (19 ½" around - fits up to 22" circumference)

Pattern Notes:

- The Reverse Single Crochet is also known as the Crab Stitch.
- The reverse sc in a unique edging that I enjoy using on the brim of hats, it gives sort of a roll look to them. To complete a rsc row just insert hook in prior st (behind st just worked), pull up a loop, you now have 2 loops on your hook, yarn over and pull through both loops on hook to complete the stitch. It really is just working a sc in reverse. Tutorial [HERE](http://www.youtube.com/watch?v=jhSbycwfpdo) (<http://www.youtube.com/watch?v=jhSbycwfpdo>)
- Optional: In place of a Reverse Single Crochet, you may do a row of regular single crochet.
- Always count the beginning chain 2 of the hdc rounds. Do not count the beginning chain 1 of sc rounds.
